INDEX TO VOL. XLVI.

A.

Albo-Carbon Light Company Secures a Favorable Decision. 13
Amending the Constitution, American Association. 35
Armington, J. H., Some Suggestions on Paper Writing. 35
Annual Reviews. 74
Applications for and Election to Membership, New England Association. 131
Address of President Harbison, New England Association. 131
Associate Members, Proposition to Admit in New England Association. 173
Address of President McMillin, Ohio Association. 207
Address of President Fullagar, Western Association. 343

B.

Boardman, A. E., Suggestions upon Candle Power and Illumination. 7
Board of Trade Returns. 9
Big Bonfire. 10
Brookline Gas Company, Annual Meeting of the. 77
Busy Constructors. 130
Briefly Told. 170
Big Gas Bills Paid on Account of Household Consumption. 254
Bates, T. A., Condensation and the Elimination of Tar. 282
Butterworth, I., Regenerative Furnace Adapted to a Small Gas Works. 281

C.

Candle Power and Illumination, Suggestions upon, by A. E. Boardman. 7
Carpenter's Generator Furnaces. 10
Comparisons on Cost of Gas, Electric Light and Oil, by E. Stein. 35
Clark, Walton, An Experiment with Limed Coal. 34
Coke Stove, a Portable. 77
Curious Flames. 146
Curious Gas Flames, by T. Fletcher. 180
Combustion, Discussed by A. F. Upton. 181
Candle Power and Illumination, by C. F. Prichard. 139
Committee on President's Address, Report of, New England Association. 173
Coke; what Quantity is used to Carbonize 2,240 lbs. of coal? 174
Coal, a Substitute for. 185
Choked Stand-pipes: Is there a Remedy? by N. Kinsman. 247
Converse, C. M., on Uniform vs. Special Rates for Gas. 247
Cast Iron Pipe, How to Select. 252
Condensation and Elimination of Tar, by T. A. Bates. 282
Coke, New Way of Utilizing. 286
Cast Iron Pipe, the Selection of, by J. H. Decker. 310
Coal and Water Gas, Relative Cost of, by G. H. Christian, Jr. 311
Christian, G. H., Jr., on Relative Cost of Coal and Water Gas 311
Coal Dust, Relation of to Mine Explosions. 316
*Coke Stove, the "Richelieu". 316
*Cogilevina, D., on Influence of Length of Photometer Bar in Determining Results, etc. 317, 348
Central Falls, R. I., Light for. 322
Corporation, a Reckless. 350
Coal Tar, Applications for. 350
Committee on President's Address, Report of, Western Association. 376
Cincinnati (Ohio) Gas Light Company vs. Chas. J. Steinau. 381
Correspondence, Special English. 9, 73, 146, 217, 286, 349

CORRESPONDENCE—
"A. S." is not Convinced. 109
Cadiz, a Dissenting Opinion from. 220
Egner, F., in Reply to "A. S." 77
Egner, F., in Further Explanation of that "Chapter". 149
Letter from the President of the Port Hope (Ont.) Gas Company. 321
McMillin, E., Refers to F. Egner's "Chapter on Practical Gas Making". 13
Piping Rules in Force at Indianapolis, Ind. 257
Public Lighting in Brooklyn, N. Y. 289
Righteous Decision, a. 385
Wells, W. T., Gives Reasons for His Belief. 385

D.

"Daily News" Gives Advice to Gas Consumers. 10
Directors, Board of, Report to New England Association. 133
Decker, J. H., on How to Select Cast Iron Pipe. 310
Distillation of Coal, the, by J. Gimper. 376

E.

Electric Light, the, Gets Notorious. 10
Electric Light, Gas and Oil, Some Comparisons on Cost of, by E. Stein. 35
Electric Lighting, by C. F. Spaulding. 37
Earthquakes, T. Turner's Charleston Experience. 38
Egner, F., Supplement to the Chapter on Practical Gas Making 40; *An Improvement (but on paper only) in Apparatus for Making Gas 145; An American Gas Institute. 344
Election of Officers, New England Association. 138
Election of Officers, Ohio Association. 315
Electing New Members, Ohio Association. 207
Election of New Members, Western Association. 375
Experiments on Flame. 42
Electric Light and Gas Supply: Shall They be Combined? by Jos. R. Thomas. 67
Electric Lighting, Can a Gas Company Afford to Take it Up? 176
Executive Committee, Ohio Association, Report of. 207
Electric Piper Being Paid in Brooklyn, N. Y. 322
Electric Lighting in Worcester, Mass., Cost of. 322
*Electric Lighting, The Waterhouse System of. 380

EDITORIALS—
Astounding Proposition, an. 130
Brooklyn, N. Y., Varying Phases of the Lighting Question in. 97
Brother Littleton's Preliminary Appeals. 169
Concerning 1886, a Word or Two. 1
Chicago Gas Trust, the. 310
Discriminative Suit, the Baltimore, Md. 170
Editor Stone and the Gas Companies. 374
Feast Follows Famine. 33
Fish, H. H., Death of. 242
Fraternal Token from Across the Sea. 373
Gas Commission, is New York to Have one? 98
Guild of Gas Managers, Annual Meeting of the. 206
Governor Hill's Capsule Memorandum. 309
King, J. O., Obituary. 278
Massachusetts Gas Commission, Annual Report of the. 98
Massachusetts Gas Commission, First Verdict Rendered by the. 342
Merrick, Wm., Death of. 66

New England Association s Meeting, the. 130
Ohio Association, the Dayton Meeting of the. 206

EDITORIALS—*Continued.*
Programme of the Ohio Association. 170
Public Lighting in New York City. 242
Society of Gas Lighting, Annual Meeting of the. 33
Strecker, Mr. A., Surprised. 206
St. Louis Meeting, Almost Ready for the. 278
St. Louis Meeting, the. 309
Tibbals, H. H., Obituary Note. 2
Tin Wedding of the Western Association. 341
Water Gas Fuel, Should the Supply of be Permitted?. 65
Walker, Sr., Jas. H., Obituary. 241

F.

Flame, Experiments on. 42
Fire Kindling Device, an Ingenious Automatic. 73
*Fuel, Liquid, by L. T. Wright. 67
Foulis Gas Fire, the. 146
Flemming, D. D., Resignation of. 170
Fletcher, T., on Curious Gas Flames. 180
Fish, H. H., Death of. 242
Fullagar, J., Presidential Address. 343
Fuel Gas, in Regard to the Distribution of, in Troy, N.Y. 374

G.

*Gasholder Houses, New Departure in, by W. H. White. 4
Gas, Flectric Light and Oil, Some Comparisons on Cost of, by E. Stein. 35
Gas Making, a Supplement to the Chapter on Practical, by F. Egner. 40
Gas Companies and the State. 42
Gas and Electric Lighting Supply: Shall They be Combined? by Jos. R. Thomas. 67
Gas as a Domestic Servant. 73
Gas Commission for the State of New York, Senator Worth's Bill to Establish. 103
Gas Machines, Rules and Regulations for the Use of. 104
*Gas Soldering Iron, the Economic. 105
Gas Business (England) During the Second Half of 1886. 147
Guild of Gas Managers Tenders Hospitality to New England Association. 131
Gas Mains Laid Across Stone Culverts, How Can They be Best Protected in Winter? 174
Gas Burners, the Way in which to Introduce High Candle Power Sorts to Gas Consumers, by F. S. Richardson. 143
Gas Burner, the Velsbach Incandescent. 181
Gas Commissions, by M. A. Gemuender. 209
Gemuender, M. A., as above. 209
Gas and Electricity: Two Interests or One? by G. W. Graeff, Jr. 212
Graeff, G. W., Jr., as above. 212
Gas with Electricity, by Thos. Wood. 214
Gas Companies (English) Accounts for the Second Half of 1886. 217
Gas Supplied to Stoves, Engines, etc., Is it Good Policy for Companies to Sell such at a Reduced Rate? by W. W. Prichard. 248
Gas Works Damaged by Fire. 258
*Gas Burner Tips, Causes and Prevention of Stoppage in, by E. Printz. 280
Guide Framing for Gasholders, Is it Necessary that it Should be Lofty. 284
Gas Engineers, the Status of. 286
Gasholder Guide Framing, Novel Views about. 286
Gas Cooking Stoves, Pushing the Use of. 287
German Coal Trade, State of the. 322
Gas Institute, on a Proposed American, by F. Egner. 344
Gas for the People. 350
Gas Fittings, Rules for Testing. 374
Gimper, J., on the Distillation of Coal. 376
Gas from Lime Stone. 378

H.

Hints for Steam Users. 43
Humphrys, N. H., on the New Works of the South Metropolitan Gas Company, London, England. 102
Honorary Members Elected by New England Association. 133
Honorary Members Elected by Ohio Association. 207
Humphreys, C. J. R., Some Thoughts on Purification of Gas by Iron Oxide. 136
Harbison, J. P., Presidential Address. 131
High Candle Power Burners, the Introduction of, by F. S. Richardson. 143
*Hydrometer, Smale's Pneumatic. 146
Hefner-Alteneck Photometrical Standard. 146
High-Tension Circuits, Incandescent Lights on. 253
Hamlin, E. W., on Tar as an Enricher. 279

I.

Incandescent Lamp Causes the Destruction of a Phila., Pa., Theater. 70
Iron Oxide, Some Thoughts on Purification of Gas by, by C. J. R. Humphreys. 136
Illumination and Candle Power, by C. F. Prichard. 139
*Improvement in Apparatus for Making Gas, by F. Egner. 145
Incandescent Gas Burner, the Velsbach. 181
Incandescent Lights on High Tension Circuits. 253
Iron, New Process for the Protection of. 348
Items of Interest from Various Localities 10, 43, 74, 106, 147, 183, 218, 254, 257, 318, 351, 382

K.

Kinsman, N., on a Remedy for Choked Stand-pipes. 247
King, J. O., Obituary. 278

L.

Limed Coal, an Experiment with, by W. Clark. 34
Lecture on Natural Gas. 40
*Liquid Fuel, by L. T. Wright. 67
London Gas Companies, the. 147
Limed Coal for Gas Making, Dr. Knublauch's Experiments on. 217
Lightfoot Refrigerator and Otto Gas Engine. 252
Limestone, Gas from. 378

M.

Meter Connections, Proposing to Make Uniformity in. 40
Merrick, Wm., Death of. 66
Morton, H., President, on the Storage Battery. 98
Memorial Committee, New England Association, Report of. 179
Meters, Proving or Testing. 182
McMillin, E., Presidential Address. 207
Massachusetts Law for the Proposed Regulation of the Supply of Electric Light by Gas Companies. 251
